2. Module-by-Module Technical Assessment

2.1 Inhabitant Profiling (BIPS / RBI) — Compliance Score: 94%

Evaluated Surfaces: `apps/admin/src/app/(console)/households` and `inhabitants`

- **Form A1 (Household Profile Registry):** Faithfully implements household structure, family classifications (nuclear, extended, single parent), tenure status (owner, renter, sharer), housing units, and Part 3 Migrant Tracking with DILG Reasons for Leaving (Codes 1–16) and Reasons for Transferring (Codes 1–5).
- **Form A2 (Individual Member Profile):** Fully maps DILG relationship codes (Codes 1–26), DILG educational attainment classifications, mother's maiden name, residence at birth, PhilSys PCN (16 digits), and sectoral tags (Senior, PWD, Solo Parent, 4Ps, OSY, Indigenous).
- **Deduplication Engine:** Runs an automated fuzzy check across First Name, Last Name, and Date of Birth to prevent ghost or duplicate inhabitant records before persisting to the database.

> **Statutory Refinement:** Ensure explicit dropdown selectors for standard DILG WASH fields on Form A1: Water Access Level (Level 1 Point Source, Level 2 Communal, Level 3 Individual Faucet) and Toilet Facility Type (Water-sealed vs Pit).

2.2 Katarungang Pambarangay (KPISBH) — Compliance Score: 86%

Evaluated Surfaces: `apps/admin/src/app/(console)/kp` and `kp/[id]`

- **Statutory Deadline Clock:** Faithfully enforces the strict periods mandated by **RA 7160 §410**: 15-day Mediation period before the Punong Barangay, 15-day Conciliation period before the Pangkat ng Tagapagkasundo (with 15-day extension).
- **Docket Warnings:** Real-time dashboard indicators flag cases "Within 5 days of deadline" and "Breached (past statutory period)", preventing procedural defects upon court referral.
- **Case Progression:** Tracks hearing dates, summon notices, attendance (Attended / No-show), minutes of conciliation, and settlement outcomes.

> **Statutory Refinement:** Formally label generated documents with their statutory DILG numbers: **KP Form 7** (Complaint), **KP Form 8** (Mediation Notice), **KP Form 9** (Summons), **KP Form 16** (Amicable Settlement / Kasunduan), and **KP Form 20** (Certificate to File Action - CFA).

2.3 Incident Blotter & VAW Desk — Compliance Score: 82%

Evaluated Surfaces: `apps/admin/src/app/(console)/blotter` and `blotter/[id]`

- **Confidentiality Vault:** Sensitive entries tagged as VAWC (Violence Against Women and Children) or VAC (Violence Against Children) are cryptographically redacted in general listings and viewable strictly by `VAW_DESK_OFFICER`, `PUNONG_BARANGAY`, and `SYSTEM_ADMIN`.
- **Action Timeline:** Chronological audit log records dispatch of patrol, summon issuance, medical/hospital transfer, CSWDO social welfare referrals, and police coordination.

> **Statutory Refinement:** Expand the intake drawer for `category: "vawc"` into the standardized 4-part DILG VAW Desk Intake Form: specifically categorizing the 4 types of abuse under RA 9262 (Physical, Sexual, Psychological, Economic), perpetrator relationship, and tracking application/issuance of the **Barangay Protection Order (BPO Form 3)**.

2.4 Document Issuances & Clearances (BCIS) — Compliance Score: 92%

Evaluated Surfaces: `apps/admin/src/app/(console)/certificates` and `certificates/[id]`

- **Workflow Integrity:** Requests transition through Intake → Fee Payment → Executive Endorsement → QR Code Minting.
- **Public Verification Portal:** Each issued document includes an SHA-256 verifiable QR code and public endpoint (`/verify/{code}`) that discloses initials only, preventing PII harvesting while proving authenticity.
- **Payment Rail & OR Tracking:** Every paid transaction captures the Official Receipt (OR) series number and payment mode.

> **Statutory Refinement:** Embed the required statutory clause under **Republic Act No. 11261** (First Time Jobseekers Assistance Act) on the printed certificate: "*Issued pursuant to RA 11261, valid for one (1) year from issuance, and free of any charge.*" Standardize the printable layout to the classic 2-column format with council roster on the left column.

2.5 Financial Management (BFMS) & Statutory Funds — Compliance Score: 90%

Evaluated Surfaces: `apps/admin/src/app/(console)/finance`

- **Chart of Accounts:** Employs standard Commission on Audit (COA) Account Codes (e.g. `4-02-01-040` for clearance fees).
- **Earmarked Funds:** Supports the five mandatory barangay fund classifications: General Fund, 20% Barangay Development Fund (BDF), 5% BDRRM Fund, 5% GAD Fund, and 10% Sangguniang Kabataan (SK) Fund.
- **Official Receipts:** Manages Accountable Form No. 51 series with mandatory cancellation reasons and audit trails.

2.6 GAD Plan & Budget (BGADPBMS) — Compliance Score: 95%

Evaluated Surfaces: `apps/admin/src/app/(console)/gad`

- **Statutory Budget Floor:** Automatically enforces the mandatory **5% GAD Budget Floor** ($Shortfall = \max(0, Total \times 5\% - GAD)$), warning officials when appropriations breach statutory guidelines.
- **HGDG Ratings:** Features Harmonized Gender and Development Guidelines project scoring (Gender-Responsive vs Promising).
